## Miter Shooting Box

Great for picture frames or any corner that has to be perfectly mitered. Baltic Birch Plywood is a great material to make the base and riser from.

45° angle. Chamfer corners. 9 1/2" ©Ernie Conover 2010 1 7/8" Use quick grip clamps to hold work in place while planing. Two sheets of 1/2" plywood use Baltic Birch or good veneer core. 32" Dust groove 12"

Chunk of durable solid wood glued at
